

→ **HIDE SHOES IN BASKETS.**

Designer Bria Hammel found that placing large open bins under a bench by the door made putting away shoes as easy as taking them off.

→ **DO A WEEKLY PURGE.**

If you have to dig the dog leash out from under layers of scarves and reusable tote bags, it's time to pare down. Make performing a quick sweep a weekly ritual to eliminate excess buildup.

→ **KEEP STORAGE IN REACH.**

Save high shelves for decorative or out-of-season items. Take a cue from designer Lucy Penfield and make everyday essentials easy to access, whether on hooks or in low built-in drawers.
