Merge Your Mudroom With the Front Entry

Built-in cabinets and a bench — not to mention a combo of bright colors and cheery textiles — help this front door area do double duty. Each family member has a cubby for their belongings, and hooks and a closet help conceal clutter and keep coats, bags and hats out of the way. Designer Bria Hammel's decor choices introduced softness to an otherwise utilitarian space. "The windowpane door brings in tons of natural light, which enhances the overall design," she says.
